***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-2 are rejected under 35 U.S.C. 102(b) as being anticipated by Miyashita.

Miyashita disclose an optical arrangement in figure 8 comprising :

- a light source (1);
- an image forming device (2) formed of a liquid crystal panel;
- a pixel moving optical system (1) formed of a prism array for increasing a number of pixels;
- a projection lens (5) for projecting the deflected lights.

***Allowable Subject Matter***

1. Claims 3-15, 17-18, 20-25 are allowed.

***Response to Arguments***

1. Applicant's arguments filed 1/7/05 have been fully considered but they are not persuasive.

Applicant's argument that Miyashita "refracts" pixels rather than "deflects" them is unpersuasive because refraction is a form of deflection. Further, applicant's argument that Miyashita copies rather than moves the pixels is also unpersuasive. Since an

image of a pixel is a light image duplication and shifting of the pixel is deemed to constitute "moving" of that pixel image and creates additional pixels identical to the first.

***Conclusion***

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
